HARDSHIP BENEFIT

Hardship benefit is dedicated to students whose life situation has temporarily deteriorated or changed.

Students may apply for the benefit in case of:

- an accident or an illness
- an accident or an illness of a family member
- having a baby
- death of a family member
- other important circumstances

The benefit is granted on application (you need to submit it in the USOSweb).

The application for hardship benefit should be accompanied by documents confirming facts and events causing a difficult life situation.

The same events and facts cannot be the basis for multiple benefits.

Hardship benefits may be granted only **twice** in the academic year.

The amount of the benefit is decided by the Scholarship Committee.

The Department of Living Affairs of Students and PhD Students accepts applications for hardship benefit throughout the whole academic year.
